Administrator(s) Preparing Report

Theresa Pollok, Executive Director of Curriculum & Instruction

Subject

2026-2027 District and Campus Improvement Plans and School Improvement Plans

Background Information

Districts and campuses are required to develop annual improvement plans designed to support continuous improvement in student performance and ensure progress toward state and district goals. The Improvement Plans include performance objectives and strategies aligned to the district's five strategic goals: Student Success; Students, Parents, and Community; Operational Excellence; Employees and Organizational Development; and Stewardship. All plans are informed by student achievement, demographic, culture and climate, curriculum and instruction, family engagement, and organizational data.

Campuses identified for school improvement will develop and implement School Improvement Plans focused on identified areas of need and targeted actions to improve student outcomes. As part of the state accountability and school improvement requirements, Tison Middle School, Crockett Elementary, and Ikard Elementary are required to develop and implement Targeted Improvement Plans (TIPs) addressing identified areas of need and establishing specific actions to improve student outcomes. These plans include data-driven goals, evidence-based strategies, progress monitoring, and continuous improvement processes aligned with district and campus priorities. These required TIPs will be submitted to the Texas Education Agency (TEA) after Board approval according to established timelines.

In addition, the district developed Local Improvement Plans to provide targeted support and monitoring for Seguin Elementary and Hall Middle School. These locally developed plans address identified areas of need and establish focused actions, progress measures, and support structures to improve student outcomes based on state accountability and school improvement requirements.
