Theresa Pollok, Executive Director of Curriculum & Instruction

Subject

From Planning to Practice: Building a System for Continuous Improvement & Student Success

Background Information

Weatherford ISD has established a continuous improvement system that connects the District Improvement Plan, Campus Improvement Plans, curriculum and instructional resources, professional learning, PLCs, classroom implementation, student data, and school improvement. The Plan-Do-Study-Act process is used to identify needs, implement strategies, monitor progress, and make adjustments to improve student outcomes. The *From Planning to Practice: Building a System for Continuous Improvement & Student Success* presentation provides an overview of how this system moves district priorities into campus and classroom practice.

As part of this work, Tison Middle School, Crockett Elementary, and Ikard Elementary have developed Targeted Improvement Plans based on state accountability and school improvement requirements.

Texas Education Code §39A.057 requires the Board to conduct a public hearing when a Targeted Improvement Plan is submitted to the Board. The purpose of the hearing is to inform the public about the campus's identified performance concerns, the improvements expected, and the actions being taken through the Targeted Improvement Plan, while providing an opportunity for public comment on the plan.
