Item: Beltline Campus Utility Terrain Vehicle

Submitted by: Russell Bray Date: 10/26

Recommended by: Kevin Philipps Board Meeting Date: 10/26
KP

RECOMMENDATION:

It is recommended that the Kent ISD Board approve the purchase of a utility terrain vehicle (UTV) with v-blade for snow removal and other attachments for the Beltline Campus from Wolf Kubota of Grand Rapids.

Kubota D1105 UTV	\$31,999.00
V-Blade, 4pt K-Connect PTO, and utility wiring/lighting	22,023.05
Freight, assembly, and setup of UTV	<u>5,252.92</u>
	\$59,274.97
Sourcewell Cooperative Purchasing discounts	<u>- 11,884.85</u>
TOTAL	\$47,390.12

BACKGROUND:

This UTV will be used to maintain Beltline Campus grounds by the maintenance staff. This UTV purchase is to replace an existing 2013 John Deere Gator that has a failing transmission and excessive body and frame rusting.

This vehicle will be purchased using the Sourcewell Cooperative Program. The Sourcewell Cooperative Program satisfies all of the bid requirements for the State of Michigan and allows the purchasing of this equipment without following the formal bid process.
