P.O. Box 8
Port Orford, OR 97465

October 2026–District Technology Update

Providing Chromebooks to newly enrolled students, both in person and through SOFA.

Connected Seniors is in its third week, and the students and seniors are connecting nicely!

Still troubleshooting the Clever Badges sign-in with the Kindergarten class. It was resolved 10/8/26.

Through my meetings with Synergy, we were able to troubleshoot users' inability to log in, create a user group for access to student Demographics only, edit security to customize permissions, and work on Attendance reports.

I am working on removing users who are no longer with the district from our server, Google, and Synergy, as well as troubleshooting changed permissions for Google Student users.

Working on adding to our asset list and surplusing technology we no longer need/support. As well as collecting unmanaged computers and devices (iPads/tablets) and working on managing them through Microsoft Intune.

New Projects

Ongoing Projects
Clever Badges
Synergy Troubleshooting
NinjaOne Management
Cleaning up the Server Room
Inventory - Deprovisioning Chromebooks & Rotating in new Chromebooks
Documentation
InTouch (Credit Card Readers)
Microsoft 365 implementation
