

Hitchcock Independent School District

BOARD OF TRUSTEES

Meeting Date: October 26, 2026

Presented by: Dr. Darryl J. Henson, Superintendent of Schools

Subject: Campus Improvement Plans

Consent Agenda

BACKGROUND INFORMATION:

A Campus Improvement Plan is the required annual campus “action plan” that uses student performance data to set measurable goals and spell out the strategies, staff responsibilities, resources, timelines, and progress checks the campus will use to improve outcomes for all student groups. The principal develops, reviews, and revises the CIP each year with the campus-level planning and decision-making committee, which makes key decisions (including staff development components) and helps ensure the plan is monitored and adjusted. Texas requirements also expect the CIP to address items like intervention and parent involvement, and districts must provide opportunities for input and hold an annual public meeting to discuss campus performance after TEA ratings are released.

BOARD ACTION REQUIRED:

I move that the Board approve the 2026-2027 Campus Improvement Plans as presented.
