Elementary Schools Instructional Update Presentation

Background:

This workshop presentation supports Goal A (Academic Achievement). It explains how the district's elementary instructional support structures are working together to move from district strategy to classroom practice. It covers the roles of Campus Instructional Specialists, District Content Specialists, and Curriculum Coordinators, and the tiered model of teacher and campus support. It also covers the four-cohort structure across 27 elementary campuses, learning walks as non-evaluative coaching, and the process campuses use to request additional content support. It closes with how the district will monitor impact: classroom practice, PLC implementation, and campus perspective from principals and their team.
