BACKGROUND:
The purpose for the Campus and District Improvement Plans is for the district and the campuses to be strategically aligned to support continuous improvement. These plans are tailored to district initiatives, demographic needs, and performance data. In addition, these plans also provide safety goals, instructional strategies, and staff retention objectives which give a blueprint to the work that is happening in both the district level and the campus level. A committee of parents met on September 1, 2026, campus/district representatives met on September 25, 2026, and a community wide survey was sent out in April.
