Open 1	UNITED TWP HIGH SCHOOL	1275 Ave the Cities, East Moline	High school facility of approximately 360,000 square feet built in 1960. Current enrollment is approximately 1,900 students.	The project consists of replacement of five rooftop HVAC units and one air handler with a condensing unit and six variable air volume boxes (VAVs). One of the units has had a catastrophic failure of both of the condensing units. The remaining units have had multiple costly breakdowns such that it is no longer efficient or cost effective to repair them. The average age of the units is 23 years.	Most of the units will be installed on the roof and serve various classrooms (three north wing classrooms, the weight room, and one vocational classroom). One unit is particularly complex serving four vocational classrooms with the condensing unit on the roof and the air handling unit located in the ceiling of one classroom. 7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of the Drug-Free Workplace Act.

The Applicant represents and warrants that all the Certifications and Assurances set forth herein in the application, all attachments, and the Grant Agreement are and shall remain true and correct through the Term of the grant. During the Term of the grant, the Grantee shall provide the Illinois State Board of Education with notice of any change in circumstances affecting the Certifications and Assurances within 10 calendar days of the change. Failure to maintain all Certifications and Assurances or provide the required notice will result in the Illinois State Board of Education withholding future project funding until the Grantee provides documentation evidencing that the Grantee has returned to compliance with this provision, as determined by the Illinois State Board of Education.

☒ By checking this box, the applicant/award recipient (hereinafter the term applicant includes award recipient as the context requires) hereby acknowledges, certifies, and assures the Illinois State Board of Education that:

The project will be administered by or under the supervision of the applicant and in accordance with the School Construction Law (105 ILCS 230), School Maintenance Project Grant Rules (23 Ill. Adm. Code Section 151, Subpart B), and all other laws and regulations applicable to the grant. There is no limit to the cost of a project; however, grant awards shall not exceed \$50,000 per project, and applicants shall provide a match from local funds equal to the grant amount requested.

The applicant assures that the School Maintenance Project Grant (SMPG) application has been authorized by the local board of education (in the case of school districts) or other school governing authority at a duly convened meeting and that the local board or governing authority has reserved local funds in an amount equal to the amount requested in the SMPG application to meet the local match requirement. In addition, the applicant has not begun work on any of the projects listed.

DEFINITIONS

The word "Term" means the period from the project beginning date through the project ending date. For the School Maintenance Project Grant, "Term" is further defined to mean the period from grant approval by the Illinois State Board of Education to final project completion or two years after disbursement of the grant award by the state, whichever occurs first.

FINANCIAL TERMS

1. An applicant must not begin work on any of the projects listed on the application prior to submission of the application in the ISBE Web Application Security system. Submission of the application does not guarantee a grant will be approved or awarded.
2. All project activities must be expended or legally obligated within two years of disbursement by the state. If funds have been obligated by the grantee but not fully expended two years after disbursement, ninety (90) calendar days will be given to liquidate all obligations.
3. The applicant understands that payment of the entire grant award will be made upon approval of the grant. Per 23 Ill. Admin Code 151 Subtitle A, Section 151.140 Terms of the Grant, Subsection B, a final expenditure report will be filed by the applicant at the end of the Term that describes the use of the grant funds and actual project expenditures. If actual project expenditures are less than originally estimated as stated on the grant application so that the amount of the grant is greater than fifty (50) percent of the total project expenditures, the applicant shall refund the amount of the grant that is more than fifty (50) percent of actual project expenditures.
4. Grant funds may only be used for the project described in the approved application, and all school maintenance project funds must be expended on publicly owned property. The approved application and school maintenance project may not be amended. The grant shall be accounted for in compliance with applicable accounting rules set forth at 23 Ill. Admin Code 100: Requirements for Accounting Budgeting, Financial Reporting and Auditing. The applicant must provide local matching funds in an amount equal to the grant.
5. All state grant funds and earned interest shall be subject to the Illinois Grant Funds Recovery Act (30 ILCS 705). Interest earned on state-funded grant programs and grant funds not expended or obligated by the end of the Term must be returned to the Illinois State Board of Education within forty-five (45) calendar days. If funds are obligated by the grantee but have not been fully expended two years after disbursement, ninety (90) calendar days will be given to liquidate all obligations.

FINANCIAL REPORTS

7. Per 23 Ill. Adm. Code § 151.140(b), a Final Expenditure Report that describes the use of the grant funds is due after the end of the Term. The Final Expenditure Report must be submitted within twenty (20) calendar days of the end of the Term and indicate total project costs for all projects on the approved application. Failure to file the Final Expenditure Report within the timelines set forth in this Grant Agreement constitutes a breach of this Grant Agreement. Upon any such breach, the Illinois State Board of Education may pursue all legally available remedies, including, without limitation, recovery of grant funds pursuant to 30 ILCS 705.

8. Per 23 Ill. Adm. Code § 151.140(b), in cases where the Final Expenditure Report shows that actual project expenditures are less than estimated so that the amount of the grant is greater than fifty (50) percent of the total project expenditures, the applicant shall refund the amount of the grant that is more than fifty (50) percent of actual project expenditures. Any overpayment must be returned to the Illinois State Board of Education within forty-five (45) calendar days. Failure to return the funds in accordance with this Section will constitute a breach of the Grant Agreement and may result in recovery action by the State pursuant to the Illinois Grant Funds Recovery Act. Such action may include, but is not limited to, the withholding or offset of current or future State payments, the assessment of interest, penalties, and administrative costs, and referral of the debt to the Illinois Office of the Comptroller, the Department of Revenue for collection under the State Offset System, or the Attorney General for further enforcement.
9. The award recipient will maintain records on project and fiscal activities related to each award for a period of three (3) years following the project ending date for a state-funded project. Such records shall include a fiscal accounting for all monies in accordance with generally accepted governmental accounting principles. If there are outstanding audit exceptions, records will be retained on file until such exceptions are closed out to the satisfaction of the Illinois State Board of Education.
10. The Illinois State Board of Education and other governmental entities with program monitoring authority shall, during the Term and for a period of three years thereafter (or until no outstanding audit exceptions remain, whichever is later), have the right at any time to conduct on-site or off-site inspections of the award recipient's records and project operations for auditing and monitoring purposes. The award recipient shall, during the Term and for a period of three years thereafter (or until no outstanding audit exceptions remain, whichever is later) and upon the request of the Illinois State Board of Education, provide the Illinois State Board of Education with information and documentation (including books, records, or papers related to the project) regarding the award recipient's progress or performance with respect to the administration and operation of the project.
11. If applicable, the applicant shall be required to observe and comply with provisions of the Prevailing Wage Act, 820 ILCS 130/1 et seq., which applies to the wages of laborers, mechanics, and other workers employed in any public works.

ASSURANCE OF USE

12. It is the intent of the State that all or a portion of the costs of this project may be paid or reimbursed from the proceeds of tax-exempt bonds subsequently issued by the State. Therefore, the grantee understands and acknowledges that the grant proceeds must be used only for capital project purposes and that the capital project must be used only for public educational purposes.
