Re: Request permission to seek bids for a new dump/plow truck

Background Information

The previous truck used by operations and maintenance (2004 Freightliner) was purchased used in 2019. It had previously been used as municipality maintenance plow truck for the city of Davenport, Iowa.

Administrative Considerations

The District had spent a significant amount of money to keep the truck running. Eventually, repairs became too expensive and the truck was sold “as is, not running”, for \$1,005 in our most recent online auction.

Options Considered

Mr. Bisby is requesting permission to seek bids for a new dump/plow truck. The estimated cost is \$85,000, which is included in the FY27 budget.

Recommendation

We recommend the Board of Education approve seeking bids as requested.
