D.

Summary: **In preparation for the opening of the new elementary school in August 2027, the district requires Furniture, Fixtures, and Equipment (FF&E) to fully furnish classrooms, collaborative, and administrative spaces. In order**

to ensure that the classrooms are fully functional and ready for student occupancy at the start of the new school year the District must order necessary FF&E. To maintain consistency across district facilities, it is recommended partnering with Meteor Education for the procurement and installation of these items.

Background Information : Meteor Education previously delivered the FF&E for both the High School Project and Athletic Complex as well as the Elementary classroom refresh at the Annex. Meteor Education successfully delivered products and services that met the district's quality, schedule, and budget expectations. Purchases from Meteor Education are through the Region 10 Purchasing Cooperative, Equalis.

The proposed FF&E purchases with Meteor Education have been reviewed to ensure alignment with the approved facility designs, operational needs, and budget allocations for the project. These items include, but are not limited to, student and teacher seating, standard classroom furnishing and related equipment essential to daily classroom operations.

The total cost is \$1,603,130.17
