Subject: **New Course Approval for Midway High School**

MISD Board of Trustees: October 20, 2026

Agenda Item – 9A7

Background Information

OnRamps College Algebra is a rigorous, college-level mathematics course offered through The University of Texas at Austin's OnRamps program. The course provides students with an opportunity to experience college-level mathematics while earning high school credit and, when applicable requirements are met, the opportunity to earn college credit through UT Austin.

The course emphasizes algebraic reasoning, functions, mathematical modeling, problem solving, and communication and is designed to strengthen students' readiness for postsecondary mathematics.

Course Coding:

- PEIMS Course Code: 03100600 – Algebra II
- UT Austin Course: M 301 – College Algebra; Math 1314
- High School Credit: 1 mathematics credit for Algebra II
- Instructor: The University of Texas at Austin OnRamps along with a Midway High School mathematics teacher

Fiscal implications

Families of students who sign up for the OnRamps course pay the course fee. Midway ISD will cover the cost for students who qualify for free and reduced lunch.

Administration Recommendation

Administration recommends approval to add OnRamps College Algebra to the Midway ISD high school course offerings beginning in the 2027–28 school year.
