

Principal Update

Date: **10/14/2025** HS Principal Update, Prepared by Mary Yakibchuk, for NCS School Board

- The year has gotten off to a pretty good start
- HS is progressing through their STRIVE training
 - We'll have our first live (Synchronous Training in a couple of weeks)
- Our new staff are proving to be excellent hires! They are hard workers and they are making some great connections with our students.
- [Sept. PBIS Data](#): No Statistical Difference, between last year and this year,
 - HS skipping, and some minor BR vandalism,
 - JH: minor aggressive acts, derogatory words
- Students and staff did an amazing job coming together to celebrate Indigenous Peoples Day and by meeting state requirements through learning about Native Community, Culture, Language History and Perspectives through INdegenous Peoples Day Posters. These are displayed in the main hall. Observers are welcome to share positive commentary via sticky notes, onto the posters
- Fire Arm Safety Field Day postponed until SPRING, due to illness and lack of trained volunteers available, students can still accompany an adult with an apprentice license
- We just wrapped up HOCO week, student leaders (with *some* help from staff) did an **AMAZING** job of organizing and leading events!
-
