

Top Rope Training and Inspection Proposal:

Annette Island School District

ON-SITE RE-TRAINING

Our comprehensive, personalized one-day training is facilitated by one of our experienced trainers who is also a CWA (Climbing Wall Association) Certified Climbing Wall Instructor. The training is hands-on and focuses on the essential knowledge and skills required to create and maintain a safe and rewarding climbing wall program. It includes:

- An introduction to climbing, including basic vocabulary and information about equipment
- Opportunities to learn climbing techniques and actively practice these skills
- Belay instruction, active practice and demonstration of skill
- Safety and risk management procedures and protocols
- Information about climbing wall and equipment inspection, maintenance and record keeping
- Climbing wall activities
- Question/Answer session

ON-SITE INSPECTION

The inspection service includes an inspection of your climbing wall and its component parts as well as a review of your current risk management practices and procedures as follows:

School/District/Organization Risk Management Policy and Procedures Manual

- Rope Logs (date purchased, dates and number of climbs and manufacturer's recommendations for replacement intervals)
- Maintenance and Routine Safety Inspection Records (evidence of continuous inspection of mats, hand holds, ropes, harnesses, belay devices and carabineers)
- Staff Training Records (number of staff trained, date(s) of training, evidence of ongoing training, etc)
- Equipment Logs (includes date of purchase and identification number of each piece of climbing equipment, manufacturer's recommended maintenance procedures and intervals, manufacturers recommended procedures for usage, manufacturer/supplier information and warranty information.)
- Climbing Wall Inspections (documentation of dates that panels, hand holds, belay anchors, etc. were inspected throughout the year)
- Storage practices (visual inspection of where and how equipment is stored)

One Day Top Rope Wall Training and Inspection* \$6,717.00

**Please note that some or all Top Rope equipment will need replacements prior to the training and inspection date*
