- Special thanks to the kitchen staff, volunteers, and workers who helped make this past weekend a success.
- Special thanks also to the refs who traveled here or prepared themselves to make this past weekend possible. Shout out to Haileigh Ebbighausen for her first officially reffed matches! She did a great job!
- Special thanks to Kathy Brendible and her army of grandmas, aunties, and other family members for providing our visitors with a hospitality room. They will be looking for more support for the Regional tournament.
- In preparation for Regionals to adhere to ASAA's guidelines, we blocked off the far hallway and had people monitoring traffic during play. It went well and we will continue this process moving forward. We will make an announcement closer to the tournament to remind fans of the new expectations.
