Subject:

Consider Approval of Increase in Expenditures with ILA-DIR Vendor Prescriptive Data Solutions, LLC

Background:

Ransomware and other cybersecurity threats continue to pose significant risks to school districts and their critical data. The District's current Cohesity disaster recovery solution is approaching the end of its term, and our Technology team has evaluated replacement solutions to ensure continued data protection and disaster recovery capabilities. Based on a thorough evaluation of replacement solutions, Prescriptive Data Solutions, LLC is recommended to provide the Rubrik Enterprise data protection and disaster recovery solution. Prescriptive Data Solutions, LLC is available through the ILA-DIR purchasing cooperative, of which we are a member. In August, the Board approved \$400,000 for anticipated purchases with this vendor during the 2026–2027 fiscal year. The estimated cost of this purchase is \$1,980,000 for a 60-month term. It is the recommendation of the Chief Technology Officer and Director of Purchasing to approve an increase in expenditures with Prescriptive Data Solutions, LLC in the amount of \$1,600,000, for a total anticipated expenditure of \$2,000,000, which includes contingency. Bond 2023 funds are available for this purchase.
