

LJSD Board of Trustees
Transportation Report - October 21, 2026
Summer Bilski - Transportation Director

- I am still dealing with a shortage of drivers. My office, including myself, have been driving a lot the past 2 weeks. As Fall sports are ending and Winter sports are starting, we have a little break next week. So I am hoping to be in my office long enough to catch up on paperwork and such. Very exciting.
- We are happy to welcome our new driver Wayne Brooks to our family. He will be taking over one of our open routes. We are also starting training on Wednesday for a new sub. Hopefully we will get more applications.
- We are working on our Chain Up in service training/pot luck on 11/2/26
- We are also working on our Trunk or Treat themed bus and collecting donations of candy, getting things built and ready for the big day.
- I am currently working with a local business and Cup of Grace to try and get Transportation volunteering in a soup kitchen.
