

Policy Committee

Stakeholder Input
Proposal

Current Practice:

When the Policy Committee is looking for public input, a stakeholder survey is sent out via SkyAlert. Through SkyAlert, the survey is sent to all parents and employees.

The Concern:

It is human nature to start ignoring SkyAlert emails if the content and frequency of those emails are not intentional. By sending stakeholder feedback surveys through SkyAlert, we run the risk that parents will opt out of, or start ignoring messages that pertain to school closures, bus route concerns, emergencies or other urgent notifications.

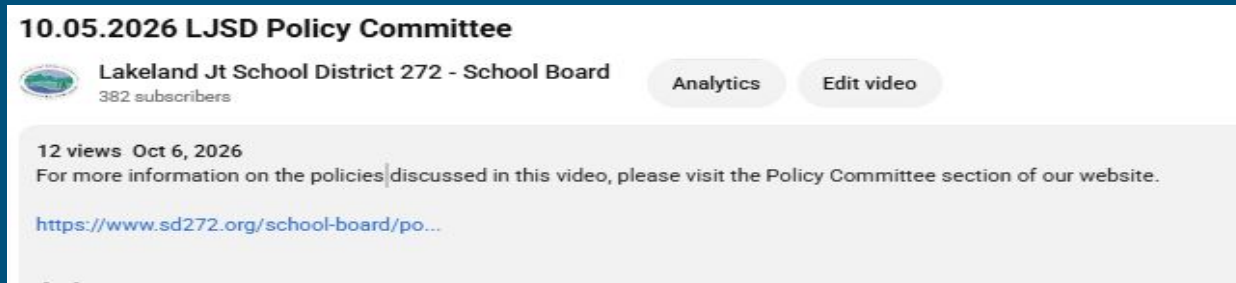

(Our most recent survey had a .67% response rate)

Most **interest** in
Policy Committee
comes from our
meeting recordings.

Step One:

From YouTube, get our viewers to our website for additional information regarding participation in the policy committee process.

When a policy is of high interest to the community, the number of viewings on these recordings are reflective of community interest. We can do a much better job of leveraging this by putting the website link in the video description.

Step Two:

Better Utilize our Website

LJSD Policy
Committee
Webpage

HOME > SCHOOL BOARD > POLICY COMMITTEE

Policies and Resolutions

Policy Feedback

Meeting Schedule

Agenda

Minutes

Data Points

Supplemental Materials Committee

Policy Committee

Long Range Facilities Planning Committee

Strategic Planning Committee

Policy Committee

The Policy Committee is made up of parents, community members, school board trustees and staff of the Lakeland Joint School District. This committee addresses new policy as well as revising and updating current policy.

The committee meets on the first and third Monday of each month.

Our goal is to have an open and transparent policy process. To view our upcoming policy committee agendas and review any policies that are on an agenda for board action, see our meeting agenda page.

AGENDAS/MINUTES

Recordings of committee meetings can be viewed on [YouTube](#).

Please use this [sign-up form](#) to indicate your interest in receiving surveys for new or proposed policy revisions.

If you have any questions about the policy committee or process, contact the Clerk of the Board at clerk@lakeland272.org.

October 5th Committee Drafts

[4215 - Political Campaigning on School Property](#)

[3050 - Secondary Attendance Policy](#)

Step Three: Better Utilize our Website

[LJSD Policy
Committee
Webpage](#)

- Add link to YouTube so interested parties can view the committee meetings.
 - Link Stakeholder Survey ON the website when we have an active form. The form itself will look exactly like what was sent via SkyAlert.
 - Add policy **drafts** for review outside of the Regular Meeting agendas.
-

Step Four:

Utilizing the Sign Up Form

When we have a new survey up for public input, an email will be sent to people on the list, with the survey and the draft policy. (Same as what was done with the SkyAlert messages)

90% of the people on this list were receiving the SkyAlert messages for public input.

This option allows stakeholders to opt-out of the messaging without disabling their ability to receive SkyAlerts.

To Recap:

1. We want to protect SkyAlert messages for users that do NOT want to receive policy committee surveys.
2. We will better utilize our ability to drive traffic to our website through YouTube.
3. We will be more intentional about the information we have available on our website.
4. We will make use of the sign-up form option which will allow the public to opt out of the survey while preserving the SkyAlert messaging.
5. We will post open surveys on our website.
6. Proposed policy changes can be viewed on our website outside of the Regular meeting agendas.
7. When we find out what works and doesn't we can make changes to our process.
