To: Robin Lindeen-Blakeley <rlindeen@corbett.k12.or.us>

Dear Robin Lindeen-Blakeley,

The OSBA election season is officially underway. Member boards are invited to participate in voting for:

- **Odd-numbered positions of the OSBA Board of Directors**
- **Resolution 1**

The voting period runs Oct. 15 – Dec. 15.

Boards must take official action to cast their votes. Once your board has voted, submit your selections using your regional ballot. Please be sure to have only one individual responsible for submitting the board's vote. Links to regional ballots are available on the OSBA Election Information webpage.

Participation in our elections is one of the most meaningful ways members shape the organization's direction. Your engagement helps maintain a representative and effective board, legislative policy committee, and organizational structure. When members participate, election results more accurately express the collective will of the association. Each vote helps ensure our leadership reflects the region's priorities, values, and vision. Elections also give every member the chance to be heard and to strengthen the governance that supports our shared work.

To ensure your board's voice is heard, please ask your board chair to place the OSBA election on your next meeting agenda.
