Report to the Board

Jake Massey, Superintendent

October 21, 2026

Around the District:

It continues to be a great school year for students in the Lakeland Joint School District! We're excited to celebrate our LHS Girls and Boys Golf Teams who both competed in the State tournament last week. **Congratulations to our Girls for taking 3rd place!**

Enrollment is currently about 4,729 and appears to be stable around this number. The first weeks of school always fluctuate a little bit. This is still an increase from the 2025-2026 school year.

Attendance is currently averaging 96.09%, which is relatively high for LJSD even considering that we typically have a high ADA compared to other Idaho districts. We have also revamped our Self-Directed Learner application and systems in order to support more students and families that qualify for this designation. The Self-Directed Learner criteria are directed by statute and board policy.

Current class sizes in the district are reported here: [October 2026 Class Size Report](#). The class sizes, while more stable now than the beginning of the year, do fluctuate. This report is up to date as of October 16, 2026.

We have started our staff professional development (PD) initiatives for the year, and are receiving positive feedback and seeing success in our schools. *Some* of the exciting PD we're providing include:

- Monthly Student Engagement Strategy focus for all instructional staff
- Behavior Strategies for all instructional staff, certified and classified
- Science of Reading training for Elementary Instructional Paraprofessionals

Safety & Security

We have held our first District Safety Taskforce (DST) meeting of the year, and our safety and security systems are up and running smoothly. We continue to be grateful to our Armed District

Safety Specialists and School Resource Officers for their professionalism and dedication to our students, and to our taxpayers for supporting this great program through the Supplemental Levy.

We are in the middle of our tri-annual Safety & Security Audit from the Office of Safety and Security (State of Idaho). These reports are extremely helpful to our principals and DST to evaluate the effectiveness of our preparedness measures.

Community Engagement

Our Long Range Facilities Planning and Strategic Planning Committees continue to meet on a regular basis. Both of these groups have proven to be full of dedicated staff and community members who have been willing to spend time to reflect on our systems and discuss how to best craft our next steps. I look forward to reporting specifically on the work from these groups later in the meeting.

It's with gratitude that I continue to serve the students, staff and families of Lakeland Joint School District.

Respectfully submitted,

Jake Massey
