|                   |     |
| <b>total</b>      | 128 |

We lost a family in K, 1, and 2 who moved to Lubbock, but we gained (2) new Kindergarten students. BOY testing is starting to wrap up, and we have a professional development for IXL scheduled to help us use the BOY data to promote growth in Reading and Math. I have completed a few formal observations for TTESS, and myself and K, 1, 2, and 3 teachers are currently enrolled in the state-mandated Math Academy, which involves traveling to Region 16 about 5 times this school year. Upcoming WOWW programs include Kindergarten to the River Valley Pioneer Museum, 1st grade to the Amarillo Zoo, and 5th grade to the Amarillo Wranglers Hockey Kids Day. Upcoming events include the Scholastic Book Fair the week of November 2nd-6th, Instructional Waiver Day on Monday October 9th where we will have PD over IXL diagnostic growth. Our instructional focus has been on closing the gaps, especially in the early elementary grades, and having Mrs. Rose for Math RTI, and Mrs. Hoover for Reading RTI has helped our intervention so much this year. We hope to move students in and out of RTI this year and close those gaps quickly and effectively.
