

Care That Supports Learning

Supporting student success through health, safety, and wellness

Makinzie Heard, MS, RN, NCSN

Director of Health Services

Health Services is a strategic partner supporting the District's Compass

A coordinated approach to care, prevention, safety, and districtwide support.

Keeping students in class and ready to learn

School nurses help address health needs while protecting valuable instructional time.

99,018

Total office visits

95,793

Students returned to class

96.7%

Resulted in a return to learning

THE IMPACT

More students able to return to learning and less instructional time lost to routine health office visits.

In addition to the office visits, Health Services saw 24,036 different student's last year, administered 66,398 medications and treatments and completed 45,570 screenings for a total of **210,986 Health Services encounters** across 48 campus nurses.

Building a safer, more prepared school community

Emergency planning and practice help teams respond quickly when seconds matter.

PREPAREDNESS

- SB 865 (Landon Payton Act) requires Texas school districts to implement a Cardiac Emergency Response Plan
- Dedicated Cardiac Emergency Response Teams
- Heart Safe Schools designation through Cook Children's / Project ADAM
- Scheduled drills and CPR practice
- AED maintenance checks

36

EMS calls for student and staff medical needs this school year

Every campus prepared to recognize, respond, and activate emergency support.

Making preventive care easier to access

A cross-department partnership brought flu vaccination clinics directly to employees.

729

FLU VACCINES ADMINISTERED

At all campus locations and support buildings

MORE THAN TRIPLED FROM LAST YEAR

240

October 2025

October 2026

Partnership: Health Services + Employee Benefits + Concentra

Bringing clinics to employees reduces access barriers and may help limit illness-related absences and avoid higher vaccination costs.

THANK YOU

Thank you for your continued support of Health Services and our shared commitment to safe, healthy learning environments.
