Re: Approve Completion of 3 Year Asbestos Reinspection

Recommendation:

It is the recommendation of the Superintendent to approve Intertek to complete the 3 year Asbestos Reinspections for Winfield Primary and Central Schools at a cost of $1,500.

Background Information:

Typically this is not an item that would be brought to the Board as it is routine (occuring every 3 years) and at a cost under the Board approval limit. However, it is being presented so as to differentiate the cost of the reinspection and report completion from the Asbestos Consulting process for potential remediation in the East Wing of Primary School. This cost is typical for the process and has been completed by a number of providers over the past 30 years.
