One Partner for the Whole Transportation Year

Building Together for Better Student Outcomes

Tricia, Director of Educational Technology / Brunswick School Department

"It is nice to have a different set of eyes to look at the data and routes, and provide documented results."

Balanced loads, shorter ride times, better on-time performance

ESY & Summer School Routing

Temporary Relocation Rerouting

15-20%
Average ride time
reduction

A Consistent Partner You Can Trust

Rob Weinheimer/COO /Pickerington Local School District (OH)

"We needed a consistent, non-biased, fact-based routing system. One that's going to be implemented honestly. That's exactly what we got with Busright Solutions"

Fact-based routing system

Improved community trust

Intake and SPED workflows mapped end to end

2-3 Hrs

Saved per day by
operations teams

The Students Who Count on Us Most

George Barnes / Superintendent / Balsz School District

"Special Education pickup and drop-off times have significantly improved compared to previous years, reducing missed instructional time and improving service for students. This is a gamechanger. The amount of service that we have gotten and attention that we have received from you all has been phenomenal."

Routes compliant with your special education needs

Real time visibility into attendance, ridership data, and compliance needs

Fewer compliance gaps and documentation errors

100%
IEP Compliance on
every run*

Changes at the Speed of BusRight

Luigi, Assistant to Director of Transportation /Falmouth Public Schools

"With the help of the BusRight team, our district was able to replan 110 routes within less than 4 weeks ahead of a major redistricting project"

Redistricting re-routes completed before the change goes live.

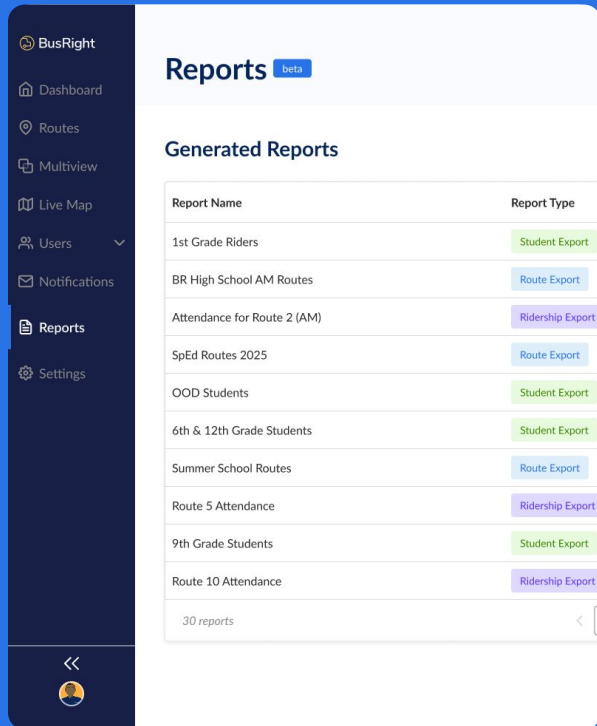

Families notified with confidence

No service disruptions during the transition

3 Weeks

Average time to plan
for redistricting

Every Submission - Accurate and On Time

Districts working with BusRight Solutions complete state reports in half the time with greater confidence

Reports that pass audit without last-minute scrambles

Clean data throughout the year, not just at reporting time

Less staff time on data preparation

Zero

Reporting errors in
partnered districts*

*When provided data is accurate

Smarter Bell Times, Stronger Budgets

Districts that restudy bell times routinely uncover savings hiding in plain sight: fewer tiers, fewer buses, better ride times

Tier and route scenarios modeled before any decision is made

Start times aligned with what's best for student learning

Changes rolled out with families informed and confident

2-3 Buses

reduction identified
per study

Drivers Who Keep Coming Back

Bill, Business Manager /Oneida City School District

"The team has done a great job partnering with my Transportation Supervisor and his team, providing hours and hours of support through trainings, refreshers, one-on-one sessions, and in-person time."

Onboarding programs that get new drivers route-ready faster

Ongoing coaching and feedback

A team that feels supported, heard and seen

30%

Average reduction in
first-year turnover

More Capacity = Less Chaos

Craig, Transportation Supervisor /Oneida City School District

"When we had a flood in our high school, the BusRight Solutions team worked closely to assist drivers and adjust routes. They are a lifesaver and have become an extension of our team."

A partner for the unpredictable moments

Workflows that make large transitions easy

A team that isn't putting out fires every morning

2 Weeks

Time it took to
reroute the entire
school

Growing Together for a Greater Good

Gregory Mott, Superintendent / Poughkeepsie City School District (NY)

"BusRight saved us \$989,000 in year one. 51% of students have increased attendance. No other tool has had such a profound impact on student safety and our financial position."

Regular operational reviews with your BRS partner

Data that turns into decisions

A transportation operation that gets better everyday
