**TRANSPORTATION BOARD REPORT FOR**

**OCTOBER 2026**

**SUBMITTED BY WAYNE BULLCALF**

**Hi all this is my October board report.**

**So, for the shop, they have completed 43 workorders. We have brought bus #237 to Kalispell for warranty work to be done. This is our second time that this kind of work is being done on this bus. The first one was an oil leak but this time its burning oil. We have all our snow removal equipment ready. We have our underground spill bucket completed. That didn't pass our federal annual inspection in July but we are good now. We also held our bus evacuation drills and emergency all school evacuation drills.**

**As for the office, getting all bill paid, preparing for our first bus reimbursement.**

**So, for the trip personal they had 67 trips in all. These were day trips which are 8 or earlier to after 5 pm field trips which is 8 am to 230 pm, and overnight trips.**

**As for the disciplinary department, they had 37 write ups with 2 removals. We are asking if you know anyone that want to be a bus monitor to contact Beverly Sinclair so we can make our buses safer for all students.**

**This is my October report thanks for reading God bless.**
