Memo

To: Board of Education

Re: Early Childhood (EC) Fees 2027-2028 - Approval

Following the discussion at the previous board meeting, the Administration recommends using CPI (2.7%) to increase the EC fees, as this aligns with the increase that will be used for the upcoming Tax Levy. The result would put the cost of the district's half-day EC program at \$4,590 and the full-day EC program at \$9,180 for the 2027-2028 school year. Transportation would remain at \$400 for those electing busing.
