

Lincolnshire-Prairie View School District 103

Memo

To: Board of Education
From: Dr. Craig Chatham
CC: Dr. Katie Reynolds
Date: **October 22, 2026**
Re: Technology & Assessment Executive Summary

AI & D103:

- D103 AI Guidelines are now publicly available on the D103 website.
 - The guidelines will continue to be revisited and adjusted as we learn more about AI and learning.

Assessment:

- CogAT testing is complete, and we are planning to send reports out in November.

Trusted Learning Environment:

- D103 has earned another micro-seal for the Learning Technology Center's "Trusted Learning Environment" program. This seal represents our dedication to solidifying our data privacy practices. We have earned two of the 5 seals and will continue to work on achieving the remaining seals.

Teachers Conferences:

- Just wanted to give a big shout-out to the technology team for their great work in helping get us all ready for teacher conferences. I haven't heard of many issues reported, so it seems to be going very smoothly!

AI of the month!
