Goals 1 - 5

Recommendation:	**Approve as Submitted**
Justification:	**This investment will transition from an aging, decentralized surveillance environment to a modern, districtwide video security platform. Upon completion, the district will operate 396 camera channels, consisting of 347 new cameras and 49 integrated existing cameras, with centralized cloud management and 30-day video retention. This project is designed to provide greater visibility across campuses, reduce surveillance blind spots, improve access to recorded video, standardize security technology, and give authorized district personnel a centralized platform for monitoring and investigations.**
