Consent Agenda Item # 2026-10-C3

October 30, 2026

SUBJECT
Consideration of Approval of an Interlocal Agreement for Public Safety Radio Use for the Collin College Police Department with the Cities of Plano and Allen

RECOMMENDATION
The District President recommends approval of an Interlocal Agreement for public safety radio use for the Collin College Police Department with the Cities of Plano and Allen.

RATIONALE
Currently, the Collin College Police Department's radio system is a location-centric analog system with a broadcast backbone that has roof-mounted antenna-type repeaters at each campus. The system has limitations because of its analog design, local failure possibilities, and the inability to have interagency communications.

By obtaining permission to access the Plano/Allen radio system, the Collin College Police Department will be able to communicate districtwide on a reliable, stable digital platform. In addition, the Collin College Police Department will have the ability to communicate on an interagency basis and coordinate with local municipal and county agencies when needed.

This Interlocal Agreement begins on the date of last signature between the parties and continues for ten years.

BUDGETARY CONSIDERATION
The District will pay the City of Plano $35.40 per radio per month and a $2.00 per radio per month network access fee. This is budgeted in the Police Department's FY27 operating budget and subsequent years' budgets, subject to Board approval.
