Executive Summary: Recognition of National School Bus Safety Week Coloring Contest Winners

In recognition of National School Bus Safety Week, the district held its annual coloring contest for students at Monroe Center Grade School and Highland Elementary School. This initiative is a fun and engaging way to promote school bus safety while celebrating student creativity. The guiding thought process for this program has always been that if we can prevent even one accident, we have accomplished what we set out to do.

Artwork was collected and displayed at the bus garage, where the Superintendent, Principals, and transportation staff voted for their favorites. The winners were celebrated with a special field trip to the bus garage which included a pizza party and a tour of our facilities. Additionally, we are proud to formally recognize these students for their excellent work at this evening's meeting.

The Winners
