Legal Counsel

DATE: October 26, 2026

SUBJECT: Policy 4520 High School Dances-New -First Read

Policy 4520 High School Dances is a new policy that establishes uniform, District-wide safety, administrative, and conduct standards for high school-sponsored dances. Under the proposed policy, all dances require principal approval, designated employee coordination, and adequate adult supervision, while maintaining a strict prohibition against junior high participation and individuals residing outside Weber School District boundaries. Enrolled students in grades 10–12 must meet school-established eligibility criteria, while in-district charter, private, homeschool, or transfer guests must submit required permission forms and purchase tickets at least three school days in advance. Entry requires photo identification, bags may be screened, and a strict no-re-entry rule applies except for approved medical or emergency accommodations. School administrators retain full authority to remove non-compliant individuals, restrict future dance privileges, or terminate an event early if significant violations occur, ensuring a secure and supportive environment for all participants. The Legal Department recommends Board approval of this policy on a first read.
