Special VIP Recognitions

Role	Name	Presenter

MISD Employees of September 2026

Millsap Elementary School – Mrs. Karen Buchanan (4th Grade teacher)

We are excited to recognize Karen Buchanan, our 4th grade math teacher, as our Staff Member of the Month! Karen has stepped up as a leader for her grade level, providing guidance, encouragement, and support to a team with several teachers new to 4th grade. She leads by example through her commitment to teaching Bluebonnet Math and supporting her students' learning. Beyond the classroom, Karen has taken on the planning and organization of Destination Imagination for our campus. Her positive attitude, solution-focused mindset, and willingness to go above and beyond make her an incredible asset to our school. Karen is a team player who always finds a way to make things happen! We are so grateful for her leadership, dedication, and Bulldog spirit!

Millsap Middle School – Mrs. Misty Schnabel (8th Social Studies teacher)

Mrs. Schnabel is someone who consistently goes above and beyond for our students and staff. She is diligent in her work, has a genuine love for kids, and is always willing to step up and lend a helping hand wherever needed. Her dedication, positive attitude, and willingness to do whatever it takes never go unnoticed. She is a true team player who makes MMS a better place each day. We are fortunate to have her as part of our family!

Millsap High School- Mrs. Natasha Meisel (MHS Science)

Mrs. Meisel is making a difference every day by bringing energy, creativity, and genuine care to her students. She consistently finds engaging ways to make learning meaningful, using students' interests and real-world connections to help them get excited about physics. Her interactive assignments, hands-on labs, and willingness to try new approaches make learning fun while helping students better understand and retain challenging content.

This year, Mrs. Meisel has also embraced the challenge of teaching a new subject and has worked collaboratively with colleagues to create cross-curricular learning opportunities for our Bulldogs. Beyond her classroom instruction, she cares for students on a deeper level, making sure they have what they need to be successful—including providing snacks and food for students who may need a little extra support throughout the school day.

Her energy, creativity, collaboration, and heart make a difference both inside and outside the classroom. She truly goes above and beyond for our Bulldogs and loves every Bulldog!
