ACTION ITEM

BACKGROUND INFORMATION

This presentation will provide an overview of the state accountability data for campuses who were Federally Identified as Comprehensive Support and Improvement (CSI) or State Identified for an Unacceptable Count (UA) of 1+, for the 2026-2027 school year, and the corresponding Targeted Improvement Plans (TIPs).

To identify schools for CSI, the TEA annually ranks all Title I campuses based on Closing the Gaps scaled scores. First, TEA determines the bottom five percent of Closing the Gaps outcomes by rank ordering the scaled scores of Title I campuses by school type—elementary, middle, high school/ K–12, and alternative education accountability. TEA then determines which campuses fell in the bottom five percent for each school type. Title I campuses that rank in their school type's bottom five percent are identified for CSI.

In regards to state accountability, the TEA intervenes when a campus has had a rating of D or lower for three consecutive years.

Texas Education Agency requires the Board of Trustees to approve the Targeted Improvement Plans if the district or campus is identified as CSI or has a UA count of 1 or more.
All plans are required to include:

1. Needs Assessment
2. Stakeholder Engagement
3. Student Outcome Goals
4. School Improvement Statement of Strategy
5. Curriculum and Instruction Improvements
6. Capacity Building
7. Performance Management and Milestones

ADMINISTRATIVE RECOMMENDATION

Administrative staff recommends that the Board of Trustees approve the Targeted Improvement Plans for El Dorado Elementary, Jackson Middle School, and Larkspur Elementary School for the 2026-2027 school year, as presented.
