844 Use of Building, Equipment, Tools and Supplies

Board Review: November 9, 2026

I. Use of Buildings: Permission is to be obtained from the office for the use of the building for other than regular school activities.

II. No one will be permitted to work on special or personal projects in the industrial arts or agriculture shops or any other department unless specific approval is obtained from the Superintendent of Schools or an administrator designated by him.

III. Equipment, tools and supplies are not to be removed from any department or classroom of the school unless specific approval is obtained from the Superintendent of Schools or an administrator designated by him.
