Abilene Independent School District Board Document - Agenda Item IV.B.

Meeting Date: November 5, 2026 Meeting Type: Workshop

Item Type: Presentation Future Action Required: No

Subject: Quality Seats Analysis Presentation

Background Information**:**

The Quality Seats Analysis (QSA) is a key component of Abilene ISD's Annual School Planning process and supports the district's commitment to ensuring students have access to high-quality school options. The analysis uses student performance and other contextual data to identify campus strengths, prioritize areas needing support, and inform strategic investments.

This year's QSA is a review of SY 25-26 focused on monitoring progress toward the district's North Star Goal: by the end of the 2028-2029 school year, 75% of Abilene ISD students will be served in A- or B-rated schools. The presentation also benchmarks Abilene ISD against TEA-identified comparable districts, examining student outcomes, accountability performance, student populations, and high-quality instructional materials. Findings aim to demonstrate current strategies and supports remain aligned to identified needs, with a broader-scope QSA planned for fall 2027.
