Subject: Gulf Bend Center Care Coordination Agreement

Dear Mr. Stansberry:

Gulf Bend Center is updating its formal care coordination agreements with community partners as part of our ongoing Certified Community Behavioral Health Clinic (CCBHC) requirements.

This agreement supports coordination of behavioral health referrals, service access, and supports for students and families

The attached agreement is intended to document our care coordination partnership and clarify each organization's role in supporting referrals, communication, and continuity of care. It is a non-financial agreement and does not require your organization to provide CCBHC services on behalf of Gulf Bend Center.

This Care Coordination Agreement will supersede the agreement signed in 2024. By signing this new agreement, you acknowledge and accept the termination of the prior agreement.

Please review the attached agreement and return a signed copy at your convenience. If you have any questions or would like to discuss any of the provisions, please feel free to contact me.

Thank you for your partnership with Gulf Bend Center.

Sincerely,

Stacy Venglar Gasch
