Lakeview Junior High School
November 2026 Board Report

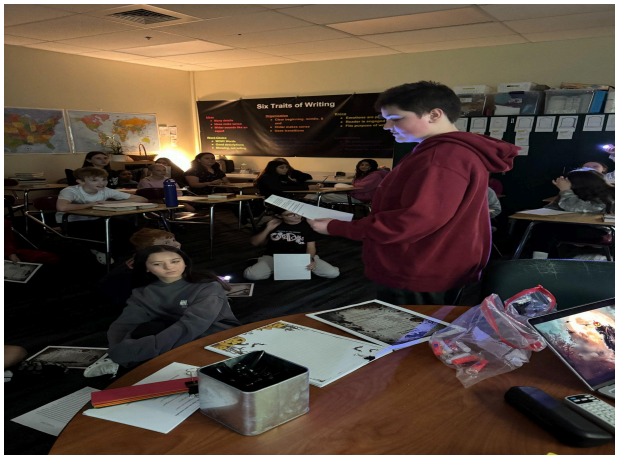

Goal One – Learning

Spooky Storytime at Lakeview

On Thursday, October 29, Lakeview hosted a Spooky Storytime event, bringing together our seventh-grade student authors and visiting fifth-grade students for a memorable experience. Our seventh graders had been working hard to create their own original spooky stories and were excited to share their writing with a younger audience.

The classrooms were filled with excitement as students gathered to read by flashlight, creating the perfect spooky storytelling experience! The event also provided some special moments, including Prairieview teachers reconnecting with their previous students and siblings having the opportunity to partner up and enjoy the stories together.

Most importantly, our seventh-grade authors received enthusiastic and meaningful feedback directly from their fifth-grade audience. It was a fantastic opportunity to celebrate student writing, build connections across grade levels, and bring literacy to life. A big thank-you to everyone who helped make this event such a success!

Goal Two – Whole Student Development

The Lakeview Inspire Magazine October 2025 issue can be found here. Inspire Magazine is sponsored by Mrs. Newman and composed by our very own Lakeview Students! Enjoy~

<u>Goal Three – Environment</u>

Lakeview Wrestling Clinic

On October 28 and 29, DGS Wrestling Coach Holtzman visited Lakeview to provide wrestling clinics during PE classes. Students participated in separate clinics for boys and girls, where they enjoyed a variety of gymnastics-based activities and learned basic wrestling techniques. On October 29, our own Lakeview Wrestling Coach Foreman helped facilitate the experience.

A special thank-you to DGS for sharing Coach Holtzman and lending us the wrestling mats! We hope these clinics helped build excitement for Lakeview's **inaugural wrestling season**, which officially kicks off November 20. We are looking forward to seeing our Spartans hit the mats!
