Assistant Superintendent's Board Report

November 9, 2026

- **School Safety & Security Meeting -** The first School Safety and Security Committee meeting of the 2026-2027 school year was held on November 5, 2026. The committee reviewed district safety and security procedures, emergency preparedness efforts, and ongoing safety initiatives.
- **School Health Advisory Council (SHAC) -** The School Health Advisory Council (SHAC) held its first meeting of the 2026–2027 school year on October 13. The committee will continue meeting throughout the school year to review and provide recommendations regarding district health and wellness initiatives.
- **Principal Meetings & Accountability Review -** Ongoing collaboration with campus administrators continues through principal meetings focused on instructional priorities, campus culture, and student achievement. Classroom walkthroughs provide opportunities to monitor instructional practices and reinforce effective practices already in place. Additionally, district and campus administrators met with Region 5 to review the district's 2025-2026 accountability results, identify areas of strength and opportunities for continued improvement.
- **District of Innovation Renewal -** The district's current District of Innovation (DOI) Plan is set to expire in March 2027. The existing plan is currently being reviewed, and proposed updates are being developed as part of the renewal process. The updated plan will be presented to the Board for consideration and approval prior to its expiration.
