Technology Report

Cybersecurity

- Continued improving district security by updating protection software on computers and servers. (SentinelOne Endpoint Detection and Response, PDQ Connect)

Google Workspace

- Worked with Region 5 to review and strengthen security settings for staff and student accounts.

Network Security

- Continued working with University of Texas Regional Security Operations Center (UT-RSOC) to improve districtwide cybersecurity monitoring and implementing additional email security protections. (Abnormal AI Email Monitoring)

Technology Maintenance

- Continued routine maintenance and improvements to district computers, servers, and network systems.

Upcoming Projects

- Planning a major UniFi network management system upgrade during Christmas break to improve network management, reliability, and performance.
