Dear Stacy Besonen and the Allina Health Change to Chill School Partnership Team,

On behalf of Intermediate School District 917, we would like to extend our sincere appreciation for your generous donation of $250.00 in support of our students receiving special education services.

Your thoughtful contribution will be used to purchase sensory items for our Chill Zone, a calming space designed to provide students with a safe, supportive environment where they can take a break, regulate their emotions, and develop healthy coping strategies. These sensory tools will help create a comforting atmosphere that supports students' emotional well-being, self-regulation, and readiness to learn.

We are truly grateful for your partnership and commitment to supporting the mental health and well-being of our students. Generous contributions like yours allow us to provide meaningful resources that make a positive difference in their daily lives.

Thank you again for your kindness, generosity, and continued support of Intermediate School District 917 and the students we serve.

With sincere appreciation,

Melissa Schaller, PhD
