DISCUSSION OF CAREER AND TECHNICAL EDUCATION (CTE) PROGRAM EXPANSION, PROGRAMS OF STUDY, AND STUDENT OPPORTUNITIES

An update will be provided on Ector County ISD's Career and Technical Education (CTE) initiatives, highlighting program expansion, student achievement, industry partnerships, and workforce-aligned opportunities. The presentation will also review Programs of Study available through ATLAS, including industry-based certifications, dual credit opportunities, and postsecondary pathways that support student academic and career planning.

The report will showcase districtwide CTE accomplishments, including student achievements, work-based learning, teacher innovation, and industry credential attainment. The update will emphasize ECISD's commitment to expanding high-quality CTE opportunities and strengthening College, Career, and Military Readiness (CCMR) outcomes.
