ALSEA SCHOOL DISTRICT BOARD REPORT

Name: Heather Shunk **Position:** Principal

BOARD MEETING DATE: November, 2026

Iready Personalized Instruction and Targeted Academic Support

Our teachers are expanding their use of i-Ready My Path and Teacher-Assigned Lessons to provide individualized support, close learning gaps, and extend student learning. Teachers are monitoring engagement, lesson completion, and progress to ensure students are benefiting from these resources.

We are also partnering with our Learning Coaches to establish consistent daily practice of 10 minutes in Reading and 10 minutes in Math. Our focus is on strengthening implementation across classrooms and turning assessment data into meaningful student growth.

Thank You to Our School Board Members! 🎄

A special thank you to our School Board members who joined us at Silver Falls State Park! We loved seeing you proudly wearing your LaHO Tree House shirts, connecting with families, and sharing in the excitement of our students exploring and learning together. Your presence and genuine interest in our students and families mean so much and help strengthen the sense of community that makes LaHO special. We also want to give a special shout-out to Aimee Hart for sharing her incredible knowledge and engaging our students and families with a fascinating animal presentation! Her contribution added another wonderful layer of discovery and learning to an already memorable day.

Thank you all for helping make this experience such a success!

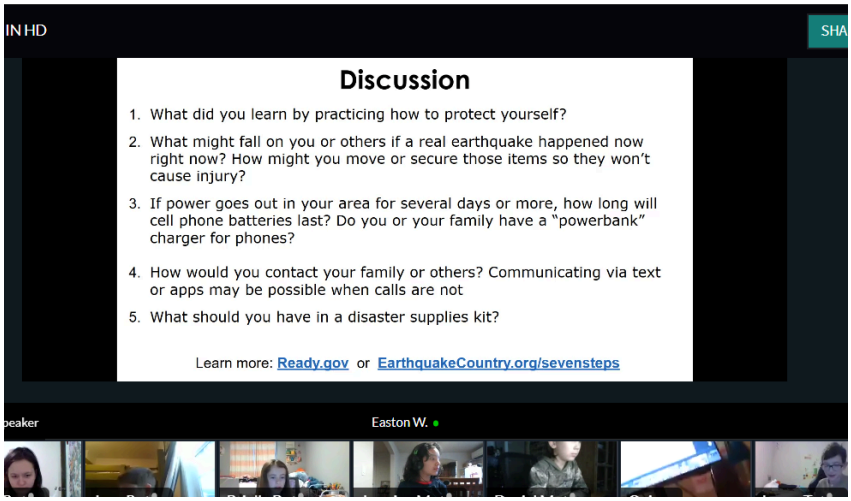

🌎 Great Oregon ShakeOut: Practicing Safety and Preparedness

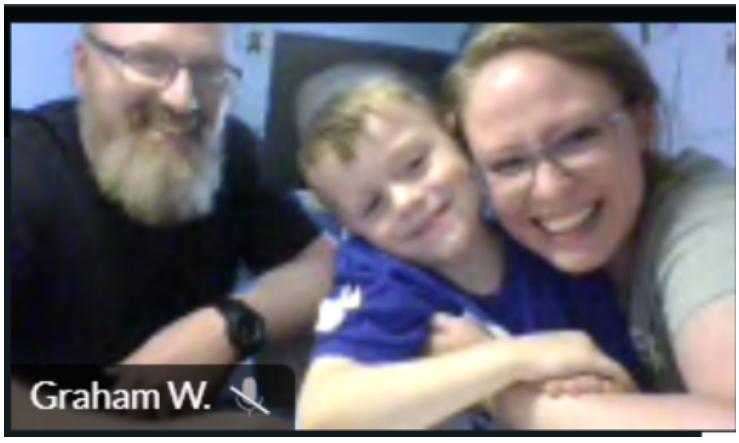

On October 15, LaHO students and teachers participated in the Great Oregon ShakeOut, practicing the important earthquake safety steps of Drop, Cover, and Hold On. Students also had opportunities to discuss earthquake preparedness and reflect on how to respond safely during an emergency.

Because our students learn from home, we are also emphasizing the importance of family emergency preparedness. We are encouraging Learning Coaches to develop and practice household emergency plans, identify safe spaces, and discuss what to do during earthquakes and other natural disasters.

These activities help students build confidence, develop important safety habits, and understand the value of being prepared.

Student, Parent, and Teacher Conferences: Strengthening Partnerships

Our October conferences were a wonderful success! These conversations provided valuable opportunities for students, families, and teachers to celebrate academic growth, discuss areas for continued development, and establish shared goals for student success.

We appreciate our teachers' thoughtful preparation and the active participation of our Learning Coaches. Strong family and school partnerships are essential to student success, and these conferences reinforced our shared commitment to helping every student feel supported, challenged, and confident in their learning.

October Assembly: Celebrating Hard Work and Student Success! 🌟 [Link to Slides]

Our October assembly was a wonderful celebration of learning, growth, and school community! We proudly recognized our Students of the Month for demonstrating the character trait of Hardworking, celebrating their perseverance, dedication, and commitment to learning. Students and families also shared photos of Halloween costumes and fall adventures, bringing joy and connection to our schoolwide celebration. A special thank you to our Learning Coaches for contributing photos and words of encouragement, and to our teachers for creating engaging learning environments where students can collaborate, grow, and celebrate one another's successes!
