Neah-Kah-Nie School District

Safety Planning Board Presentation

Communication

- Include communication during response
- Prioritize safety over information sharing
- Use ParentSquare to contact all families during an emergency situation
- Designated communicator
- Devices to communicate with all buildings
- Common Language

Old Language:

Hold
Lockout
Lockdown
Evacuate
Shelter

New Language:

Hold
Secure
Lockdown
Evacuate
Shelter

Will help avoid confusion between terms

Disaster Preparedness

- Disaster preparedness has been within building teams.
- Some aspects need to be district wide
  - Go Bag Contents
  - HAM radio certification
  - Inventory of Supplies
  - Large purchase coordination
    - Conex containers
    - Water Storage
  - Crisis Team

Next Steps

- Purchase District level radios that can communicate with existing building systems
- Share common language with families so they know what to expect during our response
- Create a district level emergency preparedness team
- Coordinate table top facilitated scenarios with law enforcement

Feedback

- We welcome feedback from our community
