Recommendation to approve

Submitted by: A.J. Gilmore, Assistant Superintendent for Secondary Teaching and Learning

Recommendation:
It is recommended that the Box Elder School Board of Education approve the designated fees of a Utah Fits All Scholarship recipient who chooses to receive services in Box Elder School District.

Recommended Motion:
I move that we approve the designated fees of a Utah Fits All Scholarship recipient who chooses to receive services in Box Elder School District.

Background:
By becoming a vendor for UFA, it allows parents and families to choose to participate in classes in BESD, grades 6-12. Only classes that UFA students cannot participate in are concurrent enrollment classes. District website link for more information - https://www.besd.net/page/utah-fits-all-scholarship

Policy Implications:
None

Financial Implications:
None, students will be paying fees to participate.

Staff Implications:
UFA students will only be admitted if there is space in the class(es). They will join the class and participate like any other student.
