Re: Approval of School Specialty for Coppell Middle School West Furniture Additions

The 2023 Bond election (Proposition A) includes some furniture and equipment additions for Coppell Middle School West. School Specialty has worked closely with Dr. Sarah Balarin, principal of CMS West, in planning the furniture additions. We purchased approximately $115,000 in furniture additions in 2025. This recommendation includes 400 rolling student chairs with backs that will replace 400 student stools without backs.

This quote was competitively procured in accordance with Texas Education Code §44.031. The total cost for the new chairs is $166,838.49. This amount, including the 2025 furniture purchase, is under the amount allocated for this project.

RECOMMENDATION: That the Coppell ISD Board of Trustees approve the quote from School Specialty for the student chair additions at Coppell Middle School West at a total cost of $166,838.49.
