Facts of this Matter:
The Zionsville Community High School Media Center would like to dispose of library materials that have been weeded since May of 2026.

We have weeded outdated exam prep and college planning books and replaced them with newer editions.

Objective POSITIVES related to this item or approach:
Weeding of the media center collection helps keep the collection relevant, accurate, and useful. It also facilitates more effective use of space in the media center and makes the collection more appealing.

Objective NEGATIVES related to this item or approach:
NONE

Financial Implications, if any:
No financial implication. We regularly weed books and replace with newer up-to-date ones, working within our established budget.

Opinion/Recommendation:
We ask that you declare these books as surplus worthless property in accordance with IC 5-22-22-8. We also request permission to dispose of the materials via the service that picks up and recycles our corporation's discarded textbooks and library materials.
