We are having fun with pumpkins at the Glendale Colony School. We are grateful to William, Adina, and everyone that worked hard in the garden.

Sincerely,
Sherina Whitford
Glendale Colony

Big Sky Colony School

Submitted by: Jackie Racine

October was a busy month for the students at Big Sky Colony. We finished our first AimsWeb testing and are in the process of completing the first writing assessment of the year. As the weather has been starting to change, there have been a lot of students pretty sick the past week or two and we are hoping they will finally be on the mend soon!

On Oct. 27th, we had the pleasure of hosting the Pre-K students, teachers, and teacher's assistants at the colony. The students loved giving tours of their colony and sharing some information about their lifestyle. Although it was a chilly day, seeing the students from both schools and cultures come together to play outside is always such a great experience to witness.

To wrap up the month, we carved pumpkins which is always a fun time. Some of the students are very great at putting details into their pumpkins! See attached pictures of the final products. Now that October is behind us, we will begin planning for our Christmas program so it can once again be the best yet.

Our attendance for the month of October was greater than 95%!

Stay healthy,

Jackie Gregoire
