Impact

"I think the program is really good. And I think they have really good clothes and they really do have everything that you could ever ask for.

They have a lot of clothes so you can have a lot of options and they're really nice and in case you're low on clothes, they just have everything you need." *– student*

"I love it so much. It's such a great program. And I appreciate being able to get clothes for my kids because they grow so fast. It's hard to come up with the money to buy new clothes so often. You make it really easy to donate the clothes that they out grow too." *– parent*

"You have such a great selection here. Thank you for all you do. This is such a great resource for our family. We are grateful." *– parent*
