POLICY CONCERNING SUNSCREEN APPLICATION IN SCHOOL

The _____ Board of Education (the "Board") permits the application of sunscreen by students within the _____ Public Schools (the "District"), in accordance with State law. Specifically, notwithstanding the provisions of Connecticut General Statutes § 10-212a and the Board's policy and/or administrative regulations concerning the administration of medication in school, any student who is six (6) years of age or older may possess and self-apply an over-the-counter sunscreen product while in school prior to engaging in any outdoor activity.

For a student to apply sunscreen prior to engaging in any outdoor activity, the following elements must be met:

1. The student's parent or guardian must sign the Board's written authorization and submit the authorization to the school nurse; and

2. The student and the student's parent or guardian, where applicable, must comply with any individual school procedures concerning the possession and self-application of sunscreen in school.

The Board authorizes the Superintendent or his/her designee to develop administrative regulations to implement this policy.
