FACE Conference

The Family and Community Engagement Conference was held in Sun Valley, October 28-30. Our Community School Grant was able to send seven people to attend this year. The feedback has been incredibly positive and the staff in attendance gained many strategies to come back and implement in our schools and community.

Trojan CONNECT: SAMSHA grant

We have been working hard to create partnerships to begin our new grant that was awarded October 1, 2026. Insights Counseling will be partnering with us to provide clinicians on site. We are excited to expand these supports to both our students and staff.
