RESOLUTION PROVIDING FOR OPEN ENROLLMENT NON-RESIDENT AGREEMENT FOR 2027-2028

WHEREAS, in accordance with Minnesota Statute 124D.03, Subdivision 2, a Board may, by resolution, limit the enrollment of non-resident pupils in its schools or programs according to this section to a number not less than the lesser of:

1) one percent of the total enrollment at each grade level in the district; or
2) the number of district residents at that grade level enrolled in a non-resident district according to this section.

RECITAL, the administration recommends the following open enrollment guidelines for school year 2027-28:

1. Open enrollment in grades K-12 will account for a minimum of 1% of the grade level class size.
2. The district reserves the right to accept additional students up to a 2% districtwide cap, subject to building capacity. Priority will be granted to children of district staff and siblings of currently open enrolled students.
3. In accordance with state law, offer and accept enrollment to K-12 students with a currently enrolled sibling. The 2027-28 students will be placed at a school within their grade band that has anticipated capacity.
4. In accordance with state law, offer and accept enrollment to K-12 with a parent who is currently employed by the district. The 2027-28 students will be placed at a school within their grade band that has anticipated capacity.
5. If the required 1% per grade level open enrollment minimum is not met through sibling and employee priority placements, a lottery will be conducted to reach that threshold. If the district exercises its rights under item 2 of this section, the lottery may include additional students up to the 2% districtwide cap, subject to grade-level and building capacity.

WITNESS MY HAND officially as such a recording officer this 9th day of November 2026.

_____

School District Clerk
